TOBACCO UTILIZED AS A LEVER

To Initiate the Drive—Prices Jammed Down Until the Bulls by Adroit Tactics Succeeded in Steadying the Lists—Sugar Demoralized

NEW YORK, Sept. 27.—Transactions in the railway and miscellaneous share market showed a better distribution to-day, the rally being assumed more pronounced in the trading than for some time. Speculative sentiment became decidedly bearish over night, and the bears continued their operations during the day. Tobacco was utilized as a lever to initiate the drive, but after the price was jammed down to 10 cents, the stock market support and recovered materially. The bulls endeavored to stem the downward rush, but were unable to do so. Metropolitan and succeeded in steady the list. The bears, finding considerable opposition in tobacco, turned their attention to sugar, and after creating a panic in that market, they turned to the other specialties into camp one after another, and soon had prices in all around demoralized. Considerable discussion was aroused over the movement of tobacco. The generally accepted theory was that some lowered interest was being used on an extensive line. Northern Pacific, in which the dealings have been on a large scale recently, was followed by two-point break followed. Liberal amounts of long stock from tired holders came out in the grainers, and the trading became quite feverish, and the market closed at 118.

The money market was less active, and the rates ruled at 3 1/2 per cent. The minimum figures prevailing in the close. Time contracts were without essential change, and this was a notable abatement in the offerings of prime mercantile paper. Government bonds were centered around the usual active issues, and prices fell off substantially fractions in price. Total market, \$1,628,000. Government bonds shared in general weakness, the old 4's reacting 1/2 per cent.

MONEY AND EXCHANGE—Money on call steady at 3 1/2 per cent. Loan on call at 4 1/2 per cent. Sterling exchange firm, with actual business in bankers bills at 48 1/2 per cent. for demand and at 48 1/4 per cent. for 30 days. Commercial bills, 4 1/2 per cent. Mexican dollars, 16 1/2 per cent. Gold bonds, firm; railroad bonds weak.

NEW YORK DRY GOODS MARKET

NEW YORK, Sept. 27.—Dry goods were quiet in nearly all divisions. The result of yesterday's holiday has been a dearth of mail orders, in many lines, chiefly in the line of the manufacturing and cutting-up trades. Stock trading also was light to-day. The cooler weather helped to keep the demand at a reasonable level, but there was no improvement in the staple goods market in any branch.
